Exam registration

- Exam registration period: message will be sent by Neptun
- You can register for your exams in the exam registration period.
- When it starts, we will show you how to do it in a session.

Proposed grades

- Here you can view your proposed grades, which you can accept or reject. If a lecturer of a subject of yours propose a grade to you and you accept it, it means that the proposed grade will be your final grade from the subject concerned, you don't have to take exam of that subject, and once the proposed grade accepted, this option will be prohibited for you by the system. **YOU HAVE TO ACCEPT IT BEFORE THE EXAM PERIOD**, otherwise it will not be valid.
- If you are not satisfied with the proposed grade, you may select the option to reject it; in that case you have to register to the exam from that subject.
